### After Action Report Boston Marathon Deployment Newton April 21, 2014

#### Situation Report

Numerous NEMLEC assets including the motorcycle unit, SWAT, Regional Response Team and IMAT were active throughout the city providing operational and logistical support to augment normal city response capabilities. There were 188 NEMLEC personnel deployed.

The race proceeded smoothly and without major incident. Newton and NEMLEC personnel investigated numerous reports of "suspicious packages" which were all cleared without incident and without discovery of any hazardous items.

As of 1300HRS, 62 patients were treated at medical tents along the route in Newton. An unknown number of transports resulted. There were numerous calls for EMS assistance throughout the city for non-race related incidents. The only significant medical event was a balcony rail failure at [REDACTED] Commonwealth Ave with one injured party.

Operationally, the deployment was very smooth and successful with the exception of the failure of the repeater carrying the NEMLEC 9 radio channel. All personnel switched to the Northwest District channel as a contingency, which has been functional and has had minimal effect on operations. NEMLEC requested a portable repeater trailer out of the Framingham NERAC cache, which was delivered promptly by Framingham DPW. Unfortunately, the programming cables needed to operate the repeater were absent. Additionally, it was discovered that the repeater carries only 470mHz band frequencies when NEMLEC uses 480mHz band frequencies. This will require after action discussion. Additionally, it was discovered that the command post vehicle has a substantial oil leak and will require immediate repairs following stand down of the command post.

### **NEMLEC Command Post Operating Status**

The NEMLEC Command Post was fully staffed and operational. It remained open until the City of Newton stood down operations at approximately 1800HRS on 4/21.

### **Current Response Actions**

As previously stated, numerous assets are deployed and tasked primarily with providing site security to Newton Wellesley Hospital and the 9 medical aid stations located along the route in Newton. Hasty teams, motorcycle, and other mobile units are strategically placed throughout the city to augment normal response capabilities.
